Conveyance taken 2/23/07.

On 2/23/07 upon interviewing Scot Chang at the Bureau of Conveyance (BOC), Department of Land and Natural Resources (DLNR) Chang then led Hawaii State Ethics Investigator Hilton J. Lui to the Dell Computer System which he believed to be owned by Title Guaranty of Hawaii that is located within the BOC office space and near the desk occupied by Alan Smith who is one of the IT people assigned to DLNR. Lui then took photos of the computer which composed of a hard drive cabinet, Monitor and keyboard. On the label located on the top of the hard drive cabinet were the words, Windows 2000 Pro 1-2CPU, serial number "X08-73013" and the numbers "V8P42-DTGMY-X6BTP-GDK6M-37X6J". Of note on one side of the hard drive cabinet there was a white 8½ X 11 sheet of paper which noted "Do not turn off this computer." Also on the opposite side of the hard drive cabinet there was a piece of pink paper which noted wording "TG" and some other wording.

Conveyance taken 4/14/07.

On Saturday, April 14, 2007, Dennis Ihara, Deputy Registrar, Bureau of Conveyance, (BOC), Department of Land and Natural Resources (DLNR), met Hilton J. Lui at his office and thereupon allowed him into the office space of the BOC.

At that time several photographs were taken of the Computer System which he believed to be owned by Title Guaranty of Hawaii consisting of a Computer Cabinet, Monitor and Keyboard. The computer system was a Dell computer which had a silver label mounted on the top. On the label were the words, Windows 2000 Pro 1-2CPU, serial number "X08-73013" and the numbers "V8P42-DTGMY-X6BTP-GDK6M-37X6J". This computer was located near the work area of Alan Smith who is one of the IT staff for DNLR. Of note was that on one side the pink slip of paper which had the words "TG" and other wording was now missing. Ihara also escorted Lui to the Scanning Room where photographs were taken of two separate Canon Model DR/9080C scanners each hooked on to a Viewsonic Graphic Series G225f monitor which were also hooked on to Optiplex GX110 hard drive cabinets, Pentium Processors III. The serial numbers on the rear side of the hard drive cabinets were "V8DXJ-2VB9Y-2DXCX-43F4X-FX6C8" and "JB3RG-QG28Y-HVDYV-4R7TQ-72W3D".
